The main reason I chose to attend the University of Hartford was both coaching staffs and their visions for the programs. The main goal is to win a championship, and we are on our way to doing that. I also chose Hartford because of the well-respected Barney School of Business.

My experience here at the University of Hartford has been awesome.

Not many Division I colleges allow you to play two sports and have the coaching staffs work so well together. In addition to that, my teammates are some of my best friends at the University. It’s truly been a blessing to play soccer and baseball here at the University of Hartford.
Baseball Accomplishments

In the classroom, the Hawks have dominated by winning the America East ‘s Walter Harrison Academic Cup in five of the past six years. Our student-athletes are leaders in the classroom, on our campus, and in our community. The true definition of Hawk Nation Domination!

“As I walk through the Sports Center and watch different athletic matches, it is evident to me that all the teams have at least one thing in common: hard work. All the teams have the same attitude. If we are outmatched or shaking hands after a win, the attitude is always respectful. This is something I personally take pride in and its great to be part of a community of people who do as well.”
